

One Formula for Success... **SPEED + SCALE = SOLUTIONS**

Accella's key to market leadership is total customer satisfaction. If we place each customer's individual needs at the forefront of our list, we will always win. Here is our formula for success:

SPEED

We are able to successfully retain attention to our customers' projects by enlisting a "this can be done" philosophy. Our team of high caliber technical resources and PhDs allows us to lead the industry in custom-designed formulas, quick turnaround, and on-time delivery.

SCALE

With 14 manufacturing facilities and our vast polyurethane and rubber portfolios, we have the strength and purchasing power to supply the demand and deliver to target markets in a cost-effective manner. We are uniquely sized to support our customers' specific formulation needs.

SOLUTIONS

Product, people, and experience separate Accella Polyurethane Systems from the competition. We are capable of accepting any order and providing on-time delivery to any location.

Our winning formula of Speed + Scale = Solutions provides value and support to our customers and will grow our business exponentially.

"We are very pleased to realize the synergies these companies provide to the Accella group and the value it provides to our customers. We will continue to provide the high quality, best-in-class technology and brands, now with even greater focus and energy."

—Chris Brink, Vice President

"Accella is exceedingly professional and shows a genuine concern for the customer. They are always at the top of my list when RAW Material Suppliers customer applications present themselves."

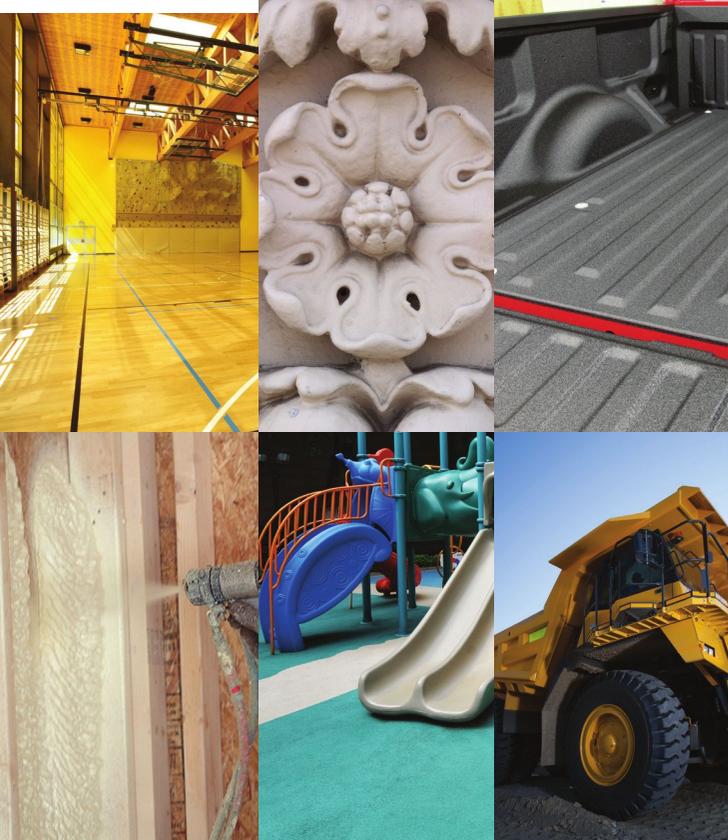

—Steve Levine, Raw Material Suppliers

ONE NAME TO TRUST

At Accella, we earn our customers' trust through our reliable customer service, unrivaled variety of products, and employment of some of the best minds in the urethane industry. These exceptional qualities drive Accella to the top and are propelling us to become the most trusted name in the industry. However, we are always conscious that customer trust stems from the people within.

WE ARE ONE!

WELCOME TO ACCELLA POLYURETHANE SYSTEMS

At Accella Polyurethane Systems, we believe that constant evolution propels us to stay on top of the polyurethane industry. Today, we are excited for the opportunity to become part of a new company with a new approach to customer service. We have evolved into something truly great – the new Accella Polyurethane Systems.

Accella Polyurethane Systems is now a much larger organization; however, we are still dedicated to the same qualities that made us a respected leader in the industry. Our focus on customers and business perspectives is still our priority. With our collective minds and spirits, we have the power to lead this industry in a way no other company can rival. With your support, Accella Polyurethane Systems will be recognized as the benchmark for quality and experience.

ACCELLA POLYURETHANE SYSTEMS – WE ARE ONE!

Due to numerous acquisitions over the past few years, Accella is on the fast track of becoming one of the premier manufacturers, distributors, and suppliers of polyurethane-based materials to the construction and product manufacturing industries.

Who are the current companies, brands, and products associated with Accella today? This is a list we want to continuously grow – together.

MARCHEM POLYURETHANES

Adhesives and binders, sealants and encapsulants, elastomers, foams, coatings, rigid casting for thousands of applications using polyurethane and polyurethane binders. (Tru-Motion™ brand.)

IPS POLYMERS

High purity fluid handling products and engineered fabricated solutions. Providing custom formulations for every spray, pour, and cast application in automotive, filtration, architectural, and construction industries.

BURTIN POLYMER LABORATORIES

Polyurethane foam, elastomers, and polymers used in commercial roofing and insulation industries. Bullet Liner products are primarily used for pickup truck beds, tailgates, wheel wells and other similar vehicle protection applications. (Bullet Bedliner Brand.)

PREMIUM SPRAY PRODUCTS

High-performance spray polyurethane insulation foam systems for residential, commercial, and industrial applications. (PREMICOTE™, PREMISEAL™, and FOAMSULATE™ brands.)

ARNCO PATHWAY PERFORMANCE POLYMERS

Inventors of the world's first polyurethane tire fill material system designed to flat-proof tires. Arnco is also known for rigid casting, cast elastomers, spray elastomers, flexible foam, rigid foam, and rigid castings. (Tyrfil Brand.)

“Accella is the only manufacturer in the world that offers complete ‘custom’ systems. We have the most diverse product line in the industry, and we are the only manufacturer with multiple production sites across the United States.”

– Andy Harris, President

ONE FOCUS

Moving forward, our goal is to operate as a single company, a collective unit, and most importantly - a team. Together, we can offer the industry an unbeatable combination of skills, experience, talent, and high quality products. There is no other company in the industry that has the diversity of products and range of experience that we now possess.

Remember, we are now ONE team with ONE commitment – to be the NUMBER ONE manufacturer and distributor of polyurethane and rubber products. In order to perform as an efficient operation, we need to learn from each other and work towards building a company that is committed to solving our customers' challenges.
