

Versatility, Performance & Profitability

TRU-MOTION™

An Accella Brand

Tru-Motion is a custom line of Accella Polyurethane Systems products for indoor multi-purpose athletic surfaces, outdoor running tracks, and playground safety surfaces. By combining years of advanced technical expertise, our chemists deliver state-of-the-art products that perform consistently from the laboratory to each on-site installation.

TRU-MOTION PRODUCTS INCLUDE:

- Single-component and two-component coatings for running track structural sprays, indoor multi-purpose flooring topcoats, and line paints.
- Two-component poured elastomer systems for indoor multi-purpose flooring and outdoor running tracks.
- Single-component, moisture cured binders for outdoor running tracks and poured-in-place safety surfaces.
