

Tru-Motion single-component, moisture cured polyurethane binders are ideally suited to provide outstanding adhesion and durability for the crumb rubber base layer. These binders are available in both TDI and TDI-free versions, each designed to meet specific end user requirements and installation parameters.

TRU-MOTION™

An Accella Brand

ONE-STOP-SHOP

Accella Polyurethane Systems & Ultimate RB combine forces to offer Tru-Motion™ brand products for outdoor running tracks. Polyurethane and EPDM granules will ship together from either Delphos, OH; St. Louis, MO; or Los Angeles, CA. No matter where you are, your order is not far away.

One order, one shipment, one-stop shopping. Your order will ship on one truck and will arrive on time at the job site. No more waiting for materials. No more paying for materials to ship across the country.

Give us a try for your next order! Call 1-888-899-9665
